Dear Mr. Trudeau,

Thank you for your letter. I wholeheartedly agree that all party leaders should meet to discuss an expanded Canadian response to the worsening global refugee crisis.

Canada must act quickly to increase our rescue of Syrian refugees before more lives are lost. This is an issue that touches the core of our humanity. We cannot let our differences in an election campaign stand in the way of what is right and necessary.

I look forward to discussing this matter soon.

Sincerely,

Elizabeth May, O.C.
Leader, Green Party of Canada
